

1. Programming Basics 1. Variables, Loops, Functions 2. Arrays & Strings Basics 3. Big-O Concept	2. Arrays 1. Traversal 2. Prefix Sum 3. Two Pointers 4. Sliding Window
3. Strings 1. Palindrome 2. Anagram 3. Frequency Count	4. Recursion 1. Base Case 2. Recursive Calls 3. Stack Concept
5. Searching & Sorting 1. Linear & Binary Search 2. Bubble, Selection, Insertion 3. Merge Sort, Quick Sort	6. Hashing 1. HashMap/Dictionary 2. Frequency Problems 3. Merge Sort, Quick Sort
7. Stack 1. Next Greater Element 2. Valid Parentheses 3. Undo/Backtracking	8. Queue 1. Queue & Deque 2. Sliding Window Problems
9. Trees 1. Binary Tree 2. DFS & BFS 3. Binary Search Tree	10. Heaps 1. Min Heap/Max Heap 2. Top K Problems
11. Graphs 1. BFS & DFS 2. Cycle Detection 3. Shortest Path Basics	12. Dynamic Programming 1. Memoization 2. Tabulation 3. Classic DP Problems
